NEWS FROM THE HANOVER HOSPITAL

National Blood Donation Awareness Month

By Jayda Edgar, DNP, APRN, FNP-C

January is National Blood Donation Awareness Month. According to the Red Cross, there is a more urgent need for blood donors during the winter due to lack of donations caused by busy holiday schedules and bad weather resulting in cancelled drives along with seasonal illnesses.

The American Red Cross is not a government agency and therefore relies on donations of time, money and of course, blood. By donating blood you can truly help save lives. Typically, you can donate whole blood every 56 days, or up to 6 times a year. You must be at least 16 years old to donate and weigh at least 110 pounds. You can donate platelets every 7 days and you must wait 16 weeks between Power Red donations.

The following are our next local blood drives:

February 27, 2023 – Kloppenberg Center, Hanover

March 2, 2023 – KSDS Training Center, Washington

April 27, 2023 – KSDS Training Center, Washington

May 23, 2023 – Kloppenberg Center, Hanover

To make an appointment, sign up for free at redcrossblood.org or by calling 1-800-RED-CROSS (1-800-733-2767).
